J. BULL WILL HOOK

IF THEY DON'T PAY

TROOPS TO LAND AT CORINTO AT DAYBREAK.

Admiral States Ordered To Take the Aggressive if England's Demands Are Not Paid—Will Land Men To Seize Customs Duties—Anxiety at Washington.

London, April 25.—Admiral States will land the marines tomorrow at daylight if Nicaragua does not comply with England's demands before that time. This is according to the announced program. The customs houses are to be occupied by the British forces and British officers are to exercise the functions of collectors of customs. At the same time Nicaraguan local commerce is to be crippled by a blockade.

The limit of time allowed Nicaragua to yield expires to-day (Thursday), and the blockade, landing of troops, and seizure of customs houses is to begin immediately thereafter. There is good reason to believe Nicaragua will not yield but will allow British troops to occupy Corinto in order that conspicuous attention may be drawn to what is regarded by Nicaragua as an invasion of the Monroe doctrine. Nicaraguan hopes now are almost entirely centered on Washington. It is not believed, however, that Dr. Guzman has succeeded in eliciting the intervention of the United States.

Sir Julian Pauncefote, the British ambassador, has not been advised by the home government as to the contemplated blockade and landing of troops in Nicaragua. Such assurances as Great Britain has given to the United States have been to Ambassador Bayard in response to inquiries.

London, April 25.—The foreign office announces the arrival of three British warships, the Royal Arthur, Satellite, and Wild Swan, at Corinto, for the purpose of pressing the claim of Great Britain for indemnity from Nicaragua for the expulsion of Mr. Hatch, the British consular agent. Instructions to the British admiral in the Pacific station were sent some time ago to insist upon Nicaragua's compliance with the terms of the ultimatum of Great Britain, or, failing such compliance, to blockade the port of Corinto and seize the customs offices within two days after, and thus enforce satisfaction from Nicaragua for the insolent manner in which British subjects have been treated there.

FEARED BY DIPLOMATS.

Effects of Britain's Action Must Be Far Reaching.

Washington, April 25.—The outcome of this Nicaraguan incident is felt by diplomats to be full of significance to Venezuela, and it is feared by them that having once driven in the wedge Great Britain can scarcely be expected to refrain from pressing forward with vigorous measures in the matter of the Venezuelan boundary and at once establishing itself as the mistress of the Orinoco.

It is felt here the present situation is one justifying apprehension and anxiety on the part of our own government. While it is not expected the Nicaraguan government will offer any armed resistance to the landing of the British forces, still it is feared during the time the town of Corinto is occupied by foreigners the natives may be restrained with difficulty and the close contact into which the two discordant elements will certainly be brought might at any moment lead to an outbreak winding up in a general war.

The tenure of the present Nicaraguan government is none too secure, and it is felt it would be expecting almost too much from it to hope it could resist successfully an impulse of the people toward war. It is evident our state department has not lost sight of this possibility, for Secretary Gresham has been in consultation with the Nicaraguan minister on the subject and, it is believed, he has been using his best efforts to prevent a resort to extremes by intimating the indemnity had better be paid.

BLOODSTAINS IN THE CHURCH

Additional Evidence in the San Francisco Murder Case.

San Francisco, Cal., April 25.—More light has been thrown on the murder of Marian Williams. Searchers have found bloodstains in the church, showing that the murderer had made his way in the dark from the library closet, where lay the mutilated body, to the wash room back of the pulpit, in the rear end of the church. The prints of bloody fingers were seen at intervals. The extent of the blood stains in the wash room go to show that the murderer had no light while washing his hands.

A new discovery in the Durrant case has been made. When the body of Minnie Williams was found in Emanuel church, in searching for traces of the murderer, the police and reporters found a dark stain on the door of the Rev. Dr. Gibson's private study, to which he only, so far as known, had a key. Durrant is making strenuous efforts to prove an alibi in the Lamont case by attempting to prove that the day Miss Lamont disappeared he was not her escort from school at 3:30 o'clock in the afternoon. Yesterday Adolph Hobs of Oakland testified that he had seen Durrant at the ferry April 12 in company with a young lady smaller than himself. She wore a cape. Dennis Welsh, an Alameda policeman, said he saw Durrant and Miss Williams together in Alameda on several occasions about two weeks prior to the discovery of her body in the church.

Congressman McCreary for Gold.

Louisville, Ky., April 25.—In an interview with Congressman James B. McCreary he declares himself unalterably opposed to the free coinage of silver. This utterance was brought out by Senator Blackburn's stand in

ILLINOIS LEGISLATURE.

Measures of Importance Acted on Yesterday.

Springfield, Ill., April 25.—The valley people made their long-threatened attack upon the Humphreys Sanitary District bill in the senate yesterday, when the measure came up on second reading. The discussion continued up to adjournment, and will come up tomorrow as the pending question. Senator Evans called up his bill providing for the retirement fund and pensioning of school teachers, which stood on the calendar as special order on third reading. The bill was passed by a unanimous vote. Senator Aspinwall's pool bill was again postponed for one week on request of the introducer. Senator Leeper's bills providing for the dissolution of corporations, and providing that the Attorney General may bring suits for the people in any Circuit Court in the state passed. Senator Howell's bill, appropriating \$40,000 for the improvements at the Normal University at Normal, was advanced to the third reading. Senator Littler's bill to repeal the Trust law was a special order on second reading. The first question considered was Paisley's amendment providing that where there is an increase in the price of the commodity used by the formation of pools one-half of the increase shall be to increase the wages of the employees of the consolidation. The amendment was lost and the bill was advanced to the third reading.

What is known as the labor arbitration bill is on the order of second reading in the senate. A number of amendments are being prepared and will be offered whenever the matter comes up for discussion. Senator Craig's bill to abolish the state board of equalization came up as a special order on a motion to non-concur in the report of the committee on revenue. The motion to non-concur prevailed. Senator Dunlap introduced a bill appropriating \$82,000 to defray the expenses of the next general assembly. At his request the bill was sent to second reading without reference.

SPLIT IN TEXAS RANKS.

Silver and Gold Disturbing Elements in the Lone Star State.

Austin, Texas, April 25.—There is every indication that the Texas democratic party will be split in twain over the silver question. It has been gaining ground in this state rapidly for a couple of years past, and those who follow in the train of the silver movement are unconditional 16 to 1 free and unlimited coinage men. The silverites in the Texas legislature, to the number of about sixty, are all rank 16 to 1 men, and will admit no one else save 16 to 1 men to their meetings. They will have a meeting to-night at which they purpose to issue an address to the people of Texas, requesting them to rally to the support of the 16 to 1 theory. A meeting of Cleveland democrats was held last night and adopted a proclamation setting forth the following: "Resolved, That we have the utmost faith that proper discussion of the financial question in the interval of the coming democratic conventions, both national and state, will be able to form such platform as will enable all good democrats to find common ground thereon."

TO GIVE ALL SATISFACTION.

Alliance Affair Will Be Settled as the United States Demand.

Washington, April 25.—Secretary Gresham has received a dispatch from Mr. Hannis Taylor, United States minister at Madrid, assuring him that Spain would accede to the demand of the United States in the Alliance affair, and that the captain of the Conde de Venadito would be put on trial for his offense for firing at an American vessel outside the zone. The tone of the dispatch is such that the state department feels its course will be absolutely vindicated by the result. One of the principal missions with which Mr. De Lome, the new minister of Spain to the United States, was charged was the investigation of the affair. The new minister proceeded to Havana instead of coming direct to the United States, and it is presumed his report influences the action of the Spanish government.

Gen. Maceo Not Killed in Battle.

Santiago, Cuba, April 25.—It was not the body of Gen. Antonio Maceo, that was found not far from the place where his troops were defeated near Palmarito, back of Guantanamo. It proves Maceo, a subordinate officer. Jose died of wounds received in that battle. At the same time Adjutant Frank Agramonte and fourteen others were taken prisoners. Capt. Julien Miranda, a Spanish officer, was killed in an engagement with insurgents Sunday at Ramon Jaguas, forty miles west of Santiago.

Marshall Makes a Good Record.

Galesburg, Ill., April 25.—In the shooting tournament yesterday Tom Marshall of Keltshburg won first place in most of the target matches. Heikes, the world's champion, fell off greatly. Miller of New Boston, Baker of Kewanee, Bingham of Chicago, and Hillman of Pekin were the other winners in the leading events, the local shooters and many of the outsiders being outclassed. The Bogardus-Irwin match was postponed until to-day.

Madeline Pollard to Go to Europe.

New York, April 25.—Madeline Pollard, complainant in the famous breach of promise suit against ex-Congressman W. C. P. Breckinridge, will sail for Europe Saturday on La Champagne, and for the next four years will be the traveling companion of a wealthy and charitable woman who has taken an interest in her case.

Life Sentence for Poisoning Her Father.

Des Moines, Iowa, April 25.—Cora Smith was sentenced to life imprisonment upon her confession of poisoning her father, Michael Smith. She fainted when the sentence was pronounced. Her mother, Betsy Smith, was convicted of the crime, and is serving the same sentence.

THUG GOT \$35,000

FOR A BOLD JOB

STORE AT MIFFLINTOWN, PA., LOOTED THIS MORNING.

Booty Was in the Form of Cash, Stocks and Bonds, and the Robbers Left No Clue Behind Them—Trial of Noah Strevel—Other Criminal News Notes.

Mifflintown, Pa., April 25.—Bold robbers were well repaid for going through the store of Noah Hartzler at Port Royal this morning as they succeeded in getting 35,000 dollars in stocks, bonds and cash and successfully making their escape, leaving no clue behind them.

TESTIFIES AGAINST HER HUSBAND.

Mrs. Noah Strevel Relates His Alleged Confession of Murder to Her.

Fort Scott, Kas., April 25.—The trial of Noah Strevel, the alleged assassin of his father, Stewart Strevel, near this city March 16, was continued yesterday, and Mrs. Noah Strevel was placed on the stand. She detailed the crime as she alleges it was confessed to her by her husband the night it was committed. Her story agreed with what has been published. She was on the stand nearly four hours, and, although subjected to a severe cross-examination, never made a contradiction. The attorneys for the defense say they are ready to meet her evidence, and claim she has a secret motive for accusing her husband.

Griswold Bank Robbers Sentenced.

Council Bluffs, Ia., April 25.—The Griswold bank robbers were sentenced by Judge Woolson in the federal court yesterday. Smith, alias Wilson, was sentenced to five years in the Fort Madison and Wilson, alias Butler, to five years in Anamosa penitentiary. Judge Wilson expressed regret that he could not sentence Wilson to ten years. An order was entered in both cases authorizing the marshal to take the prisoners to Atlantic, Ia., for trial in the district court upon certificate of the district judge that they have been indicted there and are needed for trial.

Bill Cook on the Way to Prison.

St. Louis, Mo., April 25.—Bill Cook, the Indian territory bandit, in company with twenty other United States prisoners, arrived in the city yesterday. They were all on their way to the United States prison at Albany, N. Y., where they are to serve sentences ranging from eighteen months to forty-five years.

LIQUOR TAX IN MICHIGAN.

Uniform Requirements of \$500 Will Hereafter Be the Law.

Lansing, Mich., April 25.—The senate last night by a unanimous vote disposed of the liquor tax question by passing the bill which passed the house two weeks ago, fixing the uniform tax at \$500. A determined effort was made to make the tax payable July 1 instead of May 1, and also to secure concessions which would permit saloons to be kept open on secular holidays, but they were unsuccessful. On the final vote the advocates of these amendments joined with the friends of the bill and made the vote unanimous, afterwards voting to give the measure immediate effect. The present law provides a tax of \$300 for selling malt liquors and \$500 for spirituous liquors.

North Dakota Milling Association.

Grand Forks, N. D., April 25.—A definite agreement has been reached by the creditors of the North Dakota Milling association and immediate application will be made to the court for the appointment of O. L. Gibbs and H. R. Lyons, as receivers. The mills will run double time to fill the orders on hand. It will require two years to pay the indebtedness if carefully and judiciously managed. The capacity of thirteen mills is 5,000 barrels daily. It is expected the receivers will take charge at once.

For a Republican Caucus

Springfield, Ill., April 25.—Late last night the Republican members of the senate were notified that there would be a caucus this morning at 9:30 o'clock. Senator Humphrey intended to call this caucus Tuesday, April 23, but was called to Minneapolis on account of the illness of his daughter. As there has not been a call for three months it is thought this one is for the purpose of discussing party questions. Some of the Chicago members, however, fear that the valley people will endeavor to bring up the drainage canal question, and make it a party issue. Friends of Chicago's interests and those interested in the success of the big canal are on the alert and will make a strong fight against any move on the part of the valley people to make the measure a party issue.

Vacate Income Tax Decision.

Washington, April 25.—If Justice Jackson of the Supreme court is in Washington May 6 the court will vacate the income tax decision handed down April 8 and open the case for reargument. Chief Justice Fuller will take occasion to-day or to-morrow to make a supplemental announcement explaining that the court has decided to reconsider the income tax case on May 6, if Justice Jackson shall be present.

Mrs. Parnell on the Point of Death.

New York, April 25.—It seems a question of a few hours only until Mrs. Delia Stewart Parnell passes away at Bordentown, N. J. Since she was attacked by the first convulsion yesterday she has grown rapidly worse and is growing weaker every minute. Dr. Shilps, the attending physician, has given up all hope of saving the aged woman's life, and as she is too weak to undergo an operation all that can be done is to wait for the fast approaching end.

APPLETON FAILURE

GETS INTO COURT

CREDITORS WILL PROSECUTE LOUIS SCHINTZ.

They Allege a Breach of Trust—Child Murdered at Whitehall—Milwaukee Man Fatally Hurt—Crazy Farmer Attempts Suicide—To Try Rev. Hanshell—Specials From the State

Appleton, April 25.—Louis Schintz, a merchant who made an assignment yesterday, will have to defend himself in the court. His creditors will prosecute him on the charge of committing a breach of trust. It is claimed that Arch-Bishop Katzer's private secretary is a creditor to the extent of \$5000. The announcement of the intended prosecution created much excitement here.

SLIGHT FALLING OFF.

Hard Times Affect Women's Presbyterian Board of Missions.

Detroit, Mich., April 25.—Nearly 400 women from the northwest were present at the opening session of the twenty-fourth annual meeting of the Woman's Presbyterian Board of Missions of the Northwest yesterday. The welcoming address of Mrs. D. M. Cooper of this city was responded to by Mrs. George H. Laflin of Chicago. The synodical reports showed in some instances the hard times caused a slight falling off in financial support, but the general average was encouraging. In the afternoon addresses were made by Mrs. Anna Rhea Wilson, missionary to Persia, and Mrs. E. W. McDowell, missionary to Mosul. In the evening the feature was an address on Africa by Rev. R. H. Milligan. The sessions continue through to-day.

Chairman Kennedy for Gold.

Bloomington, Ill., April 25.—H. M. Kennedy, chairman of the democratic central committee of this (McLean) county, has called a meeting of the committee to be held in Bloomington Friday for the purpose of issuing a call for a county convention to select delegates to the state convention at Springfield. Chairman Kennedy is firmly opposed to free silver and is of the opinion that if the Springfield convention declares for free silver another state convention will be called in the interest of a gold standard or bimetalism. It is, however, conceded that the free silver democrats are in the majority in the county.

Loan Association in Trouble.

Hillsboro, Ill., April 25.—On the petition of V. H. Gibson and Sarah H. Gibson Judge Creighton in the circuit court of Montgomery county yesterday placed the Safety Homestead and Loan association, the principal office of which is in East St. Louis and of which Congressman Edward W. Lane, Hillsboro, Ill., is president, in the hands of a receiver. The association has a large number of stockholders in Central and Southern Illinois. The assets of the association are estimated to be \$55,000. The liabilities are unknown.

May Depose the President.

New York, April 25.—It is not considered probable in banking circles that President John M. Crane of the Shoe and Leather National bank will continue at the head of that institution. Among bankers it is reported his resignation will be asked for at an early date, and if not forthcoming he will be deposed. The defalcations of Seeley and Aymar have caused severe criticism on his management.

Gen. Booth Will Become a Citizen.

New York, April 25.—Gen. Ballington Booth of the Salvation Army has renounced his allegiance to Queen Victoria and in two weeks will become an American citizen. He has made formal application at the county clerk's office in Jersey City for the necessary papers. Gen. Booth's first papers, which he brought with him, were taken out in New York in 1889 under the law of New Jersey.

Cuban Rebels Are Beaten.

Madrid, April 25.—The government has received an official dispatch from Havana confirming the announcement that Gen. Bosch had defeated the insurgents near Guayabal, killing ten men and wounding many and capturing a quantity of arms and ammunition.

Droath Broken in Oklahoma.

Hennessey, Okla., April 25.—The first rain here since October 1 began falling this morning. It is too late to help wheat, but will be invaluable to corn and oats.

FOREST FIRES RAGING.

Village of Perley, on the Omaha Line Nearly Wiped Out.

Cumberland, Wis., April 25.—The village Perley, nine miles south of here on the Omaha line, was nearly wiped out by fire yesterday. Help was asked from this city, but Mayor Luff did not dare to send a fire engine owing to the dangerous condition here. It is intensely dry and forest fires are raging on three sides of the city. Much damage will be done if rain does not come to prevent it.

Negaunee, Mich., April 25.—A dispatch from the deputy insurance collector of this city from Ironwood states that the Ironwood water works company has refused to furnish water for fire purposes on account of non-payment of hydrant rental for the last two years.

DONS HUMBLE CARB.

Schweinfurth Summoned Before the Grand Jury at Rockford.

Rockford, Ill., April 25.—The time of the grand jury was occupied yesterday in investigating charges against Schweinfurth. The bogus Messiah did not come to town in his luxurious carriage drawn by a prancing team, but appeared in an old wagon drawn by a flapping gray horse. A common looking sack coat replaced the immaculate cutaway, and common, substantial boots superseded the habitual patent leathers. William H. Hill, the Chicago attorney who represented George W. Coudrey's case and secured a judgment of \$50,000 for him against Schweinfurth, came out from Chicago bringing with him Dr. A. M. Smith and George W. Ostrander, two important witnesses, who had a story of the life at the Weldon Farm. Both have lived at the place. Dr. Smith was the family physician for a long time. Ostrander, through Attorney Hill, secured \$1,600 in cash out of Schweinfurth a year or so ago in settlement of a suit to recover property—more than he asked for. Both testified in the Coudrey case, and it is believed their evidence alone before the grand jury will be so damaging it can not fail to find an indictment.

THE MEMPHIS CONVENTION.

Much Interest Felt in the Movement at Washington.

Washington, April 25.—"Sound" money democrats here are looking forward to the Memphis monetary convention with a great deal of hope. They believe that upon the strength of the showing made by the southern opponents of independent free coinage by the United States will depend in large measure the success or failure of their effort to have the democratic party incorporate in its next national platform a straightforward declaration in favor of "sound" money. It is not expected this convention will indicate that the "sound" money men are in a majority in the south. The silver men have made too much headway in that section for that to be possible. All that is wanted of the Memphis gathering is a showing that the south is far from being solid on the question, and that there is a large and influential minority of its citizens in favor of "sound" money. The convention is to be non-partisan and the "sound" money republicans in the south, of whom there are thought to be a considerable number among the men who have been attracted by the opportunities for profitable investments, will do all in their power to make it a success.

"Sound" Money Men Win in Iowa.

Des Moines, Iowa, April 25.—The democrats held a meeting here yesterday in connection with the state committee, which agreed upon August 7 as the date for the state convention and Marshalltown the place. The conference which followed the formal meeting of the committee was a somewhat stormy one. For a long time it looked as if the silverites were in the majority. W. W. Witmer of Des Moines was the real leader of the "sound" money forces. When the wrangling was at its height he made a speech which calmed the excitement and led to the final endorsement of the platform of 1892, with which the fight ended. The silver democrats are saying that it was merely a convention of officeholders, that the real democracy has not yet been heard from.

Profound Shock to Lima, Ohio.

Lima, Ohio, April 25.—Five tons of nitro-glycerine at the factory of the Ohio and Indiana Torpedo company, two miles west of here, exploded at noon yesterday. The shock was felt for twenty miles. Over a thousand panes of glass, including a number of large windows in business blocks, were shattered. Two employees had barely left the building when it went up.

FULLER ON INCOME TAX.

The Opinion of Chief Justice Made Public Yesterday.

Washington, April 25.—The text of the opinion of Chief Justice Fuller in the income tax case which was delivered April 8, was made public yesterday. The opinion is preceded by an elaborate review of the history of the case. In the matter of taxation, the chief justice says, the constitution recognizes the two great classes of direct and indirect taxation, and lays down two rules by which their imposition must be governed, namely, the rules of apportionment as to direct taxes and the rule of uniformity as to duties, imposts and excises. Justice Fuller continues: "There have been from time to time intimations that there might be some tax which was not a direct tax nor included under the words duties, imposts and excises, but such a tax for more than 100 years of national existence has remained undiscovered, notwithstanding the stress of particular circumstances has invited thorough investigation into sources of revenue."

By far the greater part of the opinion is devoted to the consideration of the question whether a tax on rents is a direct tax within the meaning of the constitution. Various authorities are quoted at considerable length to show the process by which the compromise by which the convention delegated to congress the power to tax the various states was arrived at. Many quotations are also made for the purpose of demonstrating that the right of the federal government to directly assess and collect its own taxes, at least until after requisitions upon the states had been made and failed, was one of the chief points of conflict. Discussing the Hilton case so frequently referred to in connection with this case, in which the supreme court in 1794 decided that a tax on carriages was not a direct tax, the chief justice says that each of the justices, while suggesting doubt whether anything but a capitation or a land tax was a direct tax within the meaning of the constitution, distinctly avoided expressing an opinion upon that question or laying down a comprehensive definition, but confined his opinion to the case before the court.

EUROPEAN POWERS NOT SUITED

They Object to Japan's Getting Possession of Any Chinese Mainland.

Berlin, April 25.—A dispatch received here from Tokio says that the envoys of Russia, Germany and France have formally protested to the Japanese minister of foreign affairs to the incorporation in the terms of the treaty of peace between China and Japan of any of the Chinese mainland in the Japanese empire. The terms of the treaty make the indemnity payable in seven years, with interest at 5 per cent, but if the amount (200,000,000 taels) is paid Japan in three years, no interest will be demanded. Japan gets the right to navigate the Chung Kiang, Soo Chow and Hong Kong rivers, to establish factories and import many classes of goods and machinery free of duty. China agrees to throw open to the richest territory in the empire, having an estimated population of 200,000,000. Six closed cities, the largest in the empire, are also thrown open, and the Yang-Tse-Kiang, Canton and Shanghai rivers are to be dredged so that ships of the deepest draught can reach inland cities and markets. Japan will continue the occupation of Wei-Hai-Wei as a guaranty of the payment of the indemnity.

RECIPROCITY WITH HAWAII.

Sandwich Island Vessels Given Equal Privileges with Our Own.

Washington, April 25.—Reciprocity between the United States and Hawaii in shipping regulations has been brought about by the action of the treasury department in giving to Hawaiian merchant vessels the same advantages enjoyed by American ships. The Hawaiian government has already placed our ships on the same terms as its own. Mr. Hastings, the Hawaiian charge here, says the new arrangement is proving very satisfactory to shipmasters in both countries. He has prepared a full summary of our shipping laws for transmission to his government, as the treasury decision practically makes this operative in Hawaii.

Censorship of Armenian News.

Constantinople, April 25.—The Turkish government has issued orders refusing admission into the Turkish empire of any newspapers containing the letter from the special correspondent of the Associated Press in Armenia, received here April 19, announcing that the Armenians were planning a revolt against Turkish rule.

Anti-Pooling Bill Paralyzed.

St. Paul, Minn., April 25.—The pooling bill, prohibiting the selling of pools on horse races in Minnesota, was stolen from the governor's room at the capitol yesterday, where it was awaiting the signature of the governor. There is no clue to the thief.

HER LOVER CRUSHED TO SHAPELESS PULP

TERRIBLE NEWS SENT TO
EMMA BARTLING.

Employee of the Highland House notified Last Night That the Man That She Was To Marry Next Week, Had Been Torn To Pieces at Beloit.

A message that fairly chilled the blood in her veins, came to Miss Emma Bartling, who as employed in the Highland House, last night. It was to the effect that Henry Holmes, the man to whom she was to have been married May 1, had been literally torn to pieces by being caught in a belt at the Blodgett Milling Company's plant at Beloit.

Miss Bartling was terribly shocked when she received the awful news and at first it was feared that serious results would follow the announcement but she soon became more reconciled although her affliction was about as deep as human heart is called upon to bear. She left for the Line City on the first train and this morning telegraphed her sister, Miss Lena Bartling, who is also employed at the Highland House, to come to Beloit on the first train. Mr. Holmes was in Janesville last Sunday, he driving up from the Line City and together they visited Miss Bartling's parents who reside a mile this side of Afton.

Ground Into Pulp.

By the fearful accident the uncertainties of life are brought home to Miss Bartling with cruel distinctness. Little she thought during that happy ride, that the next time she saw her lover, he would be cold in death, with nearly every bone in his body broken, and with arms torn from the trunk, but such was the case.

Holmes worked in the mill, and last night endeavored to fix a belt on a pulley while the wheel was revolving rapidly. Instead of stopping the machinery, he attempted to push the whirling leather band from one wheel to another. Quick as a flash the belt caught his hand and his yielding body was wrapped around the spinning shaft. Bones were crushed like pipestems and Holmes was almost literally torn to pieces. The only part of the body that was not mangled was his head and face. As he was whirled about one arm was torn from its socket and tossed to one side by the momentum, and when the machinery was finally stopped, Holmes was dead, with one arm wound around the shaft clear up to the shoulder; with his head and feet together and his entire body ground to a pulp.

His Body Dismembered.

The pulley was making one hundred and twenty revolutions a minute and Holmes was whipped alternately against the ceiling, a large post, and the floor of the basement in which the accident occurred. Beside the arm that was wrenched from its socket, one of Holmes' hands was torn off, one foot was cut loose from the leg and the other foot was pounded into a jelly, both legs, both arms and back were broken in several places. Marshal Appleby and a physician were at once notified and the mangled remains were gathered up and taken to the undertakers, while a messenger was sent to break the news to Holmes' family. Holmes was twenty-one years old, and was the son of Mr. and Mrs. T. Holmes. He had worked for the Milling Company for two years and for some time past he had been in charge of the plant nights.

GOSSIP FROM THE STATE.

AN Appleton game warden confiscated nine fish spears carried by as many young men who were frogging around in the river near the city.

THE Hartford men have started a profitable industry in gathering quantities of water cress for the Milwaukee market.

A 24-INCH water main at Racine broke in the bed of the river and water spouted a number of feet.

A SHIPMENT of 4,000,000 pike eggs was made from Green Bay to the state fish hatchery on Monday.

C. S. McNETT BUYS A PAPER

Former Janesville Man Now Owns the "Chicago Military News."

The Weekly Military News, published in Chicago in the interests of the National Guards and devoted to soldiers and their interests, has changed proprietors, Charles S. McNett having purchased the plant and assumed the general control of the paper. Mr. McNett was born in Janesville and is a son of the late Lieutenant W. H. Sargent, in memory of whom W. H. Sargent Post No. 20, G. A. R. was named. Lieutenant Sargent's widow married Willard McNett of Carey, Ill., who adopted young Charles Sargent, changing his name to McNett. Charles was given a first class education, and after graduating at college, he studied law, and is now a prominent Chicago attorney. That he will make a success in the publication of the Military News, none who are acquainted with him will doubt. Mr. McNett is now thirty five years old, and resembles in many ways the appearance and characteristics of his heroic father, who was killed in the battle of Nashville, December 16, 1864.

They open in Evansville, May 4, and may exhibit in Janesville.

HOTEL IS CLAIMED ON AN AGED DEED

JAMES HUNTER, OF SPENCER, MASS., BOBS UP.

He Says He Bought the Land on Which F. R. Jones' Popular Hostelry Now Stands, at Sheriff Sale, and Will Begin Suit—Would Divide with the Assessors.

And now comes forth one James Hunter of Spencer, Mass., who lays claim to the lot on which the Hotel London is built, with a proposition and a declaration. The former is to give the "board of assessors" one-half of all he gets if they can help him and the latter is to sue in the United States court. Mr. Hunter writes as follows, the letter having been received by Assessor William Hemming:

SPENCER, MASS., APRIL 19, 1895. TO THE ASSESSORS OF JANESVILLE, WIS.: I wish you would inform me of the present tax valuation of the property at the corner of Bluff and Milwaukee streets. I claim it is mine under the deeds of Peru Rawson, who bought it on Sheriff's sale as the "J. M. May property" in October 1852 and I paid Rawson \$600 and \$300 more for the Abel house. I repaired and could have had \$400 in cash for I was not paid back as was agreed. I intend to bring suit in the United States court as advised to do. You will do me the favor to answer two questions: What is the present tax valuation on it? Has any one man had possession of it for twenty years, and paid taxes that long?

I claim that my deed from Rawson & May gives me a perfect title. Answer this, do. Yours &c.

JAMES HUNTER.

P. S.—If you can help me get my dues in this matter, I will give you one half of it. Yours,

JAMES HUNTER.

Up to the hour of going to press, however, F. R. Jones, the genial proprietor of that popular hotel, was still serving meals at the old stand, and Mr. Hunter had not yet taken possession.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. C. D. Stevens.

SMALL FIRE AT ARCHIE REID & CO.

Curtains Were Ignited From a Gas Stove Last Evening.

The window curtains in the work room of the millinery department of Archie Reid & Co.'s dry goods store, on Milwaukee street bridge, took fire last evening a few minutes after 6 o'clock from a gas stove. This caused an alarm of fire to be turned in at the east side fire station, and in one minute from the first tap of the bell, hose company No. 2 pulled up in front of the store but the services of the department were not required. The employees of the store pulled the curtains from the fastenings and threw them in the river, thus preventing more serious results. The damage was nominal.

ROBINSON'S MULES ARE POISONED

Life Seems To Be Full of Woe For the Tinware Man.

Life seems to be full of pitfalls, trials and tribulations for Tinpeddler Robinson. As was stated in The Gazette last night, Ray Putnam came all the way from Rockford to "lick" Mr. Robinson for stealing away the affections of Mrs. Putnam. They fixed that matter up somehow, but yesterday Robinson noticed that his team of mules acted strangely, and now both are dead, supposedly from poison, but nobody knows how where or when the animals were given the drug.

La Grippe is here again with all of its old time vigor. One Minute Cough Cure is a reliable remedy. It cures, and cures quickly. C. D. Stevens.

A PARDON IS ASKED FOR CADWALLADER

GOVERNOR UPHAM ASKED TO SET HIM FREE.

Claim Is That He Was the Weak Tool of Stronger Minds, and That He Did Not Do Wrong Wilfully—His Family Made Many Friends Here.

A movement is on foot among the leading business men of West Superior to secure a pardon for A. A. Cadwallader, the defaulting ex-president of the Superior National bank, who was confined in the Janesville jail for some months, and it looks as though the pardon would be obtained, as Governor Upham is said to be willing to grant the request if it is asked for with any unanimity. Cadwallader is in the reform school at Milwaukee. The application for a pardon is asked on the ground that it is not believed that he became a defaulter through any criminal intent; that he simply was weak and inexperienced. Two of his children have died within a short time. During the time that Cadwallader was in jail here, his family resided in this city and Mrs. Cadwallader and her children made many friends. When the new Madison jail was completed and Mr. Cadwallader was taken back to Dane county, the family went with him. Mrs. Cadwallader set to work bravely to earn her own living by taking in sewing and attracted the attention of some charitable ladies, who secured a legislative clerkship for her. The jail officials always spoke very kindly of Cadwallader and made his stay as comfortable as possible.

THIS DAY IN HISTORY

1565—Torquato Tasso, Italian poet, died; born 1544.
 1599—Oliver Cromwell born at Huntingdon; died 1658.
 1735—Rev. Samuel Wesley, father of the famous Wesleys, died.
 1800—William Cowper, the poet, died; born 1731.
 1891—The Chilean insurgent warship Blanco Encalada was blown up by torpedoes in Caldera bay and 300 lives lost. The Blanco went down in a true torpedo attack. The assailants were the torpedo cruisers Conde and Lynch. The Conde struck the Blanco with one torpedo at 110 yards and a second at 65. She was struck amidships by one from the Lynch, and two minutes later, or nine minutes from the striking of the Conde's first torpedo, foundered, carrying down all but 40 of her people.
 1894—General R. S. Granger, U. S. A., retired, died in Washington; born 1811.

The new ruling of the postoffice department, concerning type-written circulars, or printed circulars in imitation, will be of interest to business men who use this class of advertising. The ruling provides that all circulars of this class whether written or printed, shall be subject to letter postage. This will have a tendency to increase newspaper advertising, which is generally recognized as a much better medium than any class of letter or circulars.

The delegation from the Wisconsin legislature reached Springfield just in time to hear the solons of the sucker state discuss the inter-state canal scheme for connecting the Atlantic and the Gulf of Mexico via Chicago. Nothing is impossible to the Illinois legislature. That body would rather build canals for the state all summer, than to go home and raise potatoes at fifty cents a bushel. Big Four Train in Peril.

Niles, Mich., April 25.—Two attempts were made Tuesday to wreck the Big Four train known as the "courthouse flyer," near Benton Harbor. The first was made five miles south of Benton Harbor, where the train struck a dummy car which had been placed on the track. The car was demolished and the front end of the engine damaged. Two miles farther along, while moving slowly, the train struck a pile of ties and was delayed two hours. The last accident occurred at Sodus, the most dangerous part of the road, and had the train been running at its regular speed a fearful accident would have been the result, with possibly a great loss of life. There is now clew to the perpetrators.

YOU want to look out for our "ads" from this time on. For the last few months we have let the "other fellows" have the market on "ads," while we have taken our full share of sales. From "this time on" we are going for the most of the business. You can't buy elsewhere a home for \$400 such as we will sell you. If you want a \$2,500 home, no one else can "hold a candle" to the one we will show you at this price. If you want the best 50 acre farm in Rock county at the price, you should come to us. We have such a one with twenty minutes of the post office, and we will sell it to you at \$15 per acre less than it was ever before offered, and at that much less than it is worth. This farm is the only one as good in the county and the price is way down. In homesteads we lead the whole world, of course. You will read occasionally some howl from one of the little fellows about a "cheap homestead." Don't expect to get one really cheap except at our office. We own ours at a cheap price and cost of improvements and none of the other fellows can give away fine homesteads and not suffer much. We are not going to give any away, but we are going to sell them so cheap from "this time on" that after you buy one you will feel as if you had stolen it. Come and see us. Geo. L. & Sarah H. Carrington.

WANTED—A little girl to take care of child two years old for her board. Must be well behaved. Apply at European hotel.

NEWS OF THE TOWN IS JOTTED DOWN

GOOD DAY'S WORK SLAYING WOLVES.

A. L. Page Gets \$70 From the County For Killing Seven of Them—Three Thousand Muskrat Skins in Local Express Offices—General News Gathered About Town.

□ A. L. PAGE, who resides on a farm in Magnolia, was in the city and received seventy dollars from County Clerk McIntyre as the state and county bounty on seven wolves. Mr. Page was walking in the woods near his farm, when he heard a noise and looking down he found the wolves. They were so young that they had not yet gotten their eyes open. The mother was also seen but she made good her escape, while the little ones were immediately killed.

THREE thousand muskrat skins have been received in Janesville and local express companies were kept busy handling them. The shipments were consigned to L. Kennedy of this city. The rats were caught in different parts of the state and will be sold to St. Paul buyers who ship them direct to London, where they are dyed and put upon the market as the "Alaska seal."

ALL day long they stood on the sidewalk—the greatest array ever brought into the town. People could be seen standing in small crowds every place talking about the immense stock of shoes, and wondering what we would do with them. Commencing with Saturday we'll show you what we'll do. We'll sell 'em because we propose to make prices lower than any mortal man ever knew before. Becker & Woodruff.

LOCAL cigar manufacturers have received notice that all cigars shipped by them will in the future have to be properly tied and sealed, or the railroad companies will charge extra for the trouble of assuming the risk of their being stolen. One firm received a large shipment from Syracuse, N. Y., for which they paid \$100 extra.

WHEN in doubt, come to us. We no doubt can show you a better assortment than any house in Southern Wisconsin. We haven't the tail end of any stock to contend with. We always give our friends the first chance at our bargains. Look out for our Saturday's sale. We promise you some great stuff for mighty little money, and don't you forget it. Brown Bros. & Lincoln.

J. E. MURPHY, who has charge of Hanley Bros', wholesale fruit house in this city, received a letter this morning from a young man who works in a similar house in New York City, wanting a position. He said he noticed a clipping in a New York Fruit Journal, taken from the Janesville Gazette, referring to the firm's removal. He wanted to get into a smaller town.

WE now have under our roof \$30,000 worth of the world's best shoe making, and we own these goods for less money than any stock in this state is owned. Next Saturday this entire stock will go on the market at such prices as you have never before heard of. Wait. You'll be surprised. Becker & Woodruff.

MRS. JOHN J. R. PEASE, Mrs. H. A. Patterson, Mrs. M. Dow and Mrs. J. L. Ford all left this morning for Lake Geneva to make arrangements to move their cottages from "Porter's" as the Chicago parties who bought the land wish to begin the work of building cottages and preparing for the season's work.

A DRUNKEN driver and a load of shavings cut quite a figure on South Main street last evening. The horse was started on the run at the court house park, and by the time they reached the end of the street there wasn't enough shavings left in the rig to wad a gun.

DON'T forget the Union May party to be given by the Brotherhood of Locomotive Engineers and Firemen on May 1, in the Light Infantry Armory. Free carriages will be furnished to those wishing supper, which will be served at McDonald's opera house restaurant.

FLOUR still keeps pushing up every other place but here. Yet we knew it would get away beyond reach, almost, so we made provisions accordingly, and today have plenty, and while the mills are asking \$3.86 we are selling at \$3.60 or 90 cents a sack. Grubb Bros.

CASH will do the business. That's what we have invested. That's what we must have, and it will pay you tremendous returns during our sale of \$30,000 worth of bangup shoe making. Next Saturday we will be all ready for you. Becker & Woodruff.

J. C. PLUMB & SON, the nurserymen at Milton, Wis., have 1,000 evergreens, 1,000 extra sized apple trees and other varieties of trees for sale very cheap. They are all ready for transplanting and will be sold within the next ten days at one-half price list.

a day or two in the city the guest of his mother, Mrs. Jerome, 102 South Jackson street.

WE have just opened this morning a new lot of fine dotted Swiss; fine French organdies; English long cloth; Berkeley soft cambric, and many other new style goods. Bort, Bailey & Co.

VERY busy unpacking \$13,000 worth of shoes, 245 full cases is no easy job. But we will be ready for you next Saturday and we will murder the shoe business. Becker & Woodruff.

CANDY is only a side issue with us as far as profit is concerned, yet we pay a great deal of attention to it, and sell the best there is at wholesale prices. Grubb Bros.

AN ANGEL'S WEDDING CHEATED THE JURY

JUSTICE RICHARDSON'S NOTABLE CEREMONY.

Margaret Teft, Whom He Married to William Weldon Yesterday, Is One of the Schweinfurth Devotees, and Her Marriage Shuts the Grand Jury Out on Her Testimony.

To Justice Marshall P. Richardson belongs the distinction of having married the first angel ever wedded in Rock county and thereby the grand jury of Winnebago county Ill., which is now in session at Rockford, is cheated of some important testimony in the investigation of George Schweinfurth, the Rockford "Messiah."

The couple were Margaret Teft, the angel, and William Weldon, who were tied here by the justice yesterday.

The grand jury, of which Mayor-elect Brown is foreman, devoted the entire day to an investigation of Schweinfurth. Heter Weldon, chief apostle at the Schweinfurth heaven, and seven female angels gave evidence. They told a strong story for Schweinfurth, although it developed in the testimony that he no longer claims to be Christ, but simply the purest man on earth. The sensation of the day was the non-appearance of Mrs. Teft and her daughter Margaret, who failed to answer to the state summons. Schweinfurth is said to have kept the old lady in bed on the pretense of sickness, while Margaret, who by the way, is the mother of one of the children born in Schweinfurth's "heaven" and said to have been "conceived by the Lord", quietly slipped away to Janesville and was wedded.

Created a Sensation.

The disappearance of Miss Teft, and Weldon created a sensation, but the other apostles and angels, in a three seated chariot, drove up in front of the court house and Chief Apostle Weldon and seven female angels from the home of the bogus "messiah" alighted and asked as to the location of the grand jury room, ready to do some tall swearing for their master.

The case was taken up as soon as the jurors met and one by one they were called in to testify. Just what they swore to no one could learn, for the members of the grand jury were as close-mouthed as the law intends them to be. It was a choice assortment of earthly angels, however, and when word was passed around that they were in town not a few wandered in the direction of the court house, curious to get a look at the lot. Some were blondes and others brunettes. Several were fairly good looking but none would be counted as handsome. Less than half of the number had been examined up to the hour of adjournment at noon and the work was resumed at 1:30 o'clock. From the length of time occupied with some of the females from heaven, it is evident that the grand jurors were getting at the facts in the case and finding out much more than they have known before.

Attorney Hill Present.

Wm. H. Hill, the Chicago attorney who represented George W. Coudrey's case and secured a judgment of \$50,000 for him against Schweinfurth, came out from Chicago this morning, bringing with him Dr. A. M. Smith and George W. Ostrander, two very important witnesses, who will tell a story of the life of the Weldon farm that will open the eyes of the august grand jurors. Both have lived at the same place and know how the game is managed. Dr. Smith was the family physician for a long time and can speak in a professional way. Ostrander, through Attorney Hill, secured \$1,600 in cash out of Schweinfurth a year or so ago in settlement of a suit to recover property, more than he asked for. George Jacob was glad to get rid of him from the place, and he thought he had silenced his tongue by the payment. Both of these gentlemen testified in the Coudrey case, and it is believed that their evidence alone before the grand jury will be so damaging that they cannot fail to find an indictment. Attorney Hill says the people of Rockford do not know half that has been going on down there, and he gives the startling information that three babes have been born at the place, the parentage of whom is charged up to the "holy ghost."

MAHONEY'S BICYCLE RAN AMUCK

Therefore, the Attorney Went to Evansville on the Cars.

Attorney J. L. Mahoney did not ride his "bike" to Evansville this morning, but took a cushioned seat in a Pullman coach. Last night the popular attorney was giving his wheel a little exercise on North Bluff street, and on returning to headquarters he undertook to descend North First street grade. In doing this he lost control of the "bike." It is claimed that he reached the speed of a mile a minute, when he reached Main street, where he was confronted with two alternatives—to take a double header and stop, or plunge through the fire station into Rock river and take his chances of swimming ashore. He chose the "double-header", and stopped very suddenly. Those who assisted in rubbing arnica on his bruised limbs claim that he will not ride a bicycle again for several days.

NEALING INFANT BLACK BASS

Game Law Is Openly Violated at Monterey They Say

If all stories be true, the game warden can do a little missionary work by visiting Monterey some of these fine days. It is said that fishermen who operate at that point are catching pails full of small black bass and keeping them, contrary to the law which protects black bass of less than a pound weight, at all times, and all black bass until June 1.

"I made one man throw a peck of little bass three or four inches long back into the river" said a man who believes in fishing in a legal way, "and I don't think they ought to be allowed to catch these baby fish."

FARMERS, NOW IS YOUR TIME.

J. C. PLUMB & SON, Milton, Wis.

RAISE ROWS ONLY ON RYAN'S FARM

BROAD ACRES TEAM WITH MISUNDERSTANDINGS.

Janesville Saloonist Seems To Have Hard Luck in Getting Tenants, and He Is Now Having a Hearing at Evansville, on a Charge Made by ex-Lessee Moore.

James Ryan is having more than a peck of trouble with his farm tenants out in the town of Plymouth, and now it has taken a new form. Ryan runs a saloon in this city and leases a Plymouth farm. Last season a man named Moore, worked the farm, but very unsatisfactory to Mr. Ryan. Those who have kept trace of court news will remember the replevin suits in the municipal court of Ryan against Hanlon, over property both claimed to own by virtue of chattel mortgages given by Moore, the division of the chattels given by order of Judge Phelps. How the officers found the gates chained and locked when the time arrived for the sale of the chattels, and how timid people were frightened away by hearing that Mrs. Moore had a loaded gun which she proposed to use in case any one attempted to disturb her in the possession of her husband's property. The little coup d'état, played last Sunday morning, which gave possession of the farm to the new tenant Martin, Moore's household effects being removed to the opposite side of the highway during his absence in the city. Then followed the arrest of Martin, charged with pointing a gun at Moore. This did not end the trouble of Ryan. Moore now has Ryan arrested on a warrant procured in a "just" court in Evansville and Ryan is having a hearing today at that village, J. L. Mahoney being his attorney.

The case of the state against Hanlon, charged with receiving stolen goods, a portion of the Northwestern car plunder, was called in the municipal court this morning and continued by consent of both parties until May 1, at 10 a. m.

Gentlemen:—

We value Milkine very highly. We had tried feeding our baby on milk and other food. She always seemed hungry and did not thrive at all. We were advised by a friend to try Milkine. This agreed with her perfectly. She is now growing and is strong and healthy. We believe Milkine to be superior to anything of the kind for children.

Yours respectfully, MRS. N. E. BIGLEY.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it. It will buy an education.

It will buy a building lot. It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Out the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

A Blessed Deliverance.

This is effected when the hostile disturbance of the liver, known as biliousness, ceases through the benign operation of Hostetter's Stomach Bitters. Pain in the right side and under the right shoulder blade, yellowness of the skin and eyes, "fur" upon the tongue, morning nausea, vertigo, sour breath, irregularity of the bowels and sick headache, are among the distressing symptoms which take their departure when the great antibilious medicine is resorted to. Chills and fever, kidney and bladder trouble, rheumatism, dyspepsia and nervousness are also remedied by the Bitters, which is also a superb tonic and promoter of sleep and appetite. Use the Bitters persistently and not by fits and starts. Speedy good results will follow.

If the Baby is Cutting Teeth, Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98 per cent of the cases he accepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

A Matter of Experience.

Teacher—I hope that none of your dear pupils will ever be guilty of trying to kill a sparrow, for you must remember, my children, that although the sparrows are sometimes rather troublesome they do a great deal of good for this country by destroying the worms, and if we did not have these little birds, the naughty worms would eat up our vegetables and our trees and we would have no way of getting rid of them. Now tell me, Johnny, don't you think it is better to have the sparrows than the worms?

Johnny (who did not hear what was being said until his name was suddenly called)—Please, ma'am, I don't know, because—

Teacher (reassuringly)—Because why, Johnny?

Johnny—Because, ma'am, I've never had the sparrows.—Truth.

NOW, THE TIME TO MAKE MONEY.

Last month I cleared, after paying all expenses, \$235.38; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co. Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

FOR SALE

A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing storage house and two elevators. The mill is 60x60 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing storage house. This plant was A.L. remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$5,000 to \$9,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis. except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.
